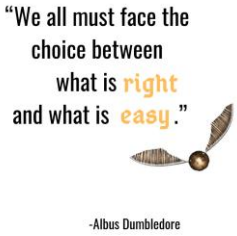
Dear 6R,

My name is Miss Nayyer, and I'm so excited to be your teacher this year! This is my fourth year teaching Year 6 at Norwood Green, and I'm also the Head of Writing and Computing.

When I'm not teaching, I love spending time with my family, especially taking my nieces and nephews on fun adventures. I'm also a massive Disney and Harry Potter fan – my family and I even have a tradition of watching all the Harry Potter films every Christmas!



This year, I want you to:

- become confident, clear communicators ready for Year 7;
- grow into curious and imaginative writers;
- tackle your SATs with confidence and do your very best!

Most importantly, I want 6R to be a classroom where everyone feels happy, valued and supported. We are a team, and I can't wait to see everything we achieve and all the memories we make together!

Dear 6R,

My name is Mr Bayliss, and I have been teaching at Norwood Green Junior School for 12 years. I currently work in the Centre as a Teacher of the Deaf, where I particularly enjoy creating fun and practical lessons that encourage children to get involved and enjoy their learning.

When I'm not at school, I enjoy going to live concerts, travelling during the school holidays, reading, gardening, walking and spending time outdoors in nature. I'm also a keen photographer and enjoy cooking - and, of course, eating!

I feel very fortunate to have the opportunity to work with your lovely class for another year, and I am really looking forward to all that we will achieve together. I hope it will be a happy, enjoyable and successful year for everyone.
